FROM: SERB BOARD

**Mail Ballot Procedure Change**

Because SERB has been mailing ballot kits out a few days prior to the first day of the polling period, we are amending the Mail-Ballot Procedures (Paragraph 7) effective February 1, 2011 to include: **Ballots returned to SERB postmarked prior to the first day of the polling period will be valid and counted in the election. Ballots returned to SERB postmarked after the last day of the polling period will not be valid and not counted in the election.**

Thank you.
